SAVES DAUGHTER

**Advice of Mother no Doubt Pre-
vents Daughter's Untimely End.**

Ready, Ky.—"I was not able to do
anything for nearly six months," writes
Mrs. Laura Bratcher, of this place, "and
was down in bed for three months.

I cannot tell you how I suffered with
my head, and with nervousness and
womanly troubles.

Our family doctor told my husband he
could not do me any good, and he had
to give it up. We tried another doctor,
but he did not help me.

At last, my mother advised me to take
Cardal, the woman's tonic. I thought it
was no use for I was nearly dead and
nothing seemed to do me any good. But
I took eleven bottles, and now I am able
to do all of my work and my own
washing.

I think Cardal is the best medicine in
the world. My weight has increased,
and I look the picture of health."

You suffer from any of the ailments
peculiar to women, get a bottle of Cardal
today. Delay is dangerous. We know
it will help you, for it has helped so
many thousands of other weak women
in the past 50 years.

All druggists.

**Says Lawyer Made
Frivolous Motion
For Appeal**

Judge Salas Issues Statement
to Declare He Deprived
Heacock of Nothing to
Which He Was Entitled.

Justice D. E. Salas, of the Old Town
prosecutor court, gave out a statement
today regarding the tilt between him
and Judge Heacock in court yesterday
afternoon, when he felt compelled
to call the attorney to order as the
latter was protesting against a refusal
to allow an appeal. Judge Salas made
his statement primarily to declare publicly
that he never has entertained
an idea of refusing an appeal to which
any party to a suit was entitled. Judge
Salas refers to Judge Heacock's motion
yesterday as consciously frivolous.

The statement follows:

"Old Albuquerque, N. M., Nov. 29.
A. D. 1915.

To the Editor of the Evening Herald:

"Dear Sir:—I read in your
newspaper some account of what had
taken place in my court, of a case that
was pending in my court, captioned
The State of New Mexico vs. Luis Pena.
When the said case was called
for trial, Heacock appeared for the
state and stated to the court that he
could not be exonerated by the
complaint against the defendant and
put it up to the court. Then the court
dismissed the case, and took the
answers of the complainants' witnesses
that had caused the arrest of the defendant.
Then Heacock told the court that
he appealed from his decision and
tried to intimidate the court. Then
the court told him that as the
court had not resulted in any final
judgment, that he had nothing to appeal
from. That the case had been dismissed
because the authority and
power of the court, and that his
motion was a frivolous one and that
he knew it. The court never has re-
fused any appeal to any one, when
the parties are entitled to it from our
final judgment within the jurisdiction
that he may confer against them, and
in this case no such final judgment
was rendered by the court. I make
this declaration because the people
might suppose that I had refused an
appeal to Heacock when he was en-
titled to one."

Yours truly,

A. D. Salas.

**Thieves Left Land

Carry Off Everything That
Could Be Picked Up or
Pried Loose at the Butcher
Place.

Thoroughgoing thieves took advantage of the fact that no one was about to sit on them to rob the ranch of M. M. Dutcher, not far from Belvoir, during the past few nights. They carried off everything portable. According to reports received by law enforcement officer Dick Lewis this morning when the robbery was discovered, the thieves didn't leave a thing at the ranch that could be picked up or prised off.

Dutcher works in this city, and does not go to his ranch for days at a time. From the nature of the robbery it is surmised that the thieves probably rifled the place during several nights, using a wagon in which to cart off the load.

Strong Representations Made

By Evening Herald Special Wire
Tepicabampo, Mexico, Nov. 29. (By Radio from San Diego, Calif.)—Carranza forces again have opened communications between Guaymas and Hermosillo, the capital of Sonora state, and General Diaz is endeavoring to intercept 2,500 Villa troops supposed to be heading through southern Sonora in an attempt to join General Banderas, the Villa commander in northern Sonora, according to authorities here today.

Fear of an attack by Indians settled in the Yaqui valley has increased as all but fifty troops have been withdrawn from the vicinity to participate in the Carranza campaign to the north.

The necessity for maintaining an adequate garrison in the Yaqui valley for the protection of Americans and other foreigners and their possessions, averting a massacre, is now being strongly presented to General Diaz by messages of Admiral Winslow.

A new system of collecting is being inaugurated which will facilitate the collections. Every member will be asked to give the club an authorization slip which will allow the member's bank to pay his dues every month and charge the same to his account.

This method has been tried in other cities and found very satisfactory, both for the members and the organization. It not only relieves the club of collecting but it also relieves the members from being inconvenienced at the busiest time of the month with the call of a collector. It makes the membership dues available to the club on the first day of the month and makes it unnecessary for each member to write a check every month for \$1. A lot of memos and authorization slips are now in the hands of the banks and members are requested to call for them when they are doing their banking business there.

Relating that the club must adhere to a definite policy regarding the collection of dues and not feeling that they can afford to stand in the way of the clear-up of back dues which the club is setting out to effect, some of the members who have allowed their dues to drag are mailing in either checks or short time notes for the amount due. During the first week of the month the delinquents will be cleared from the club books either by the posting of the names and then dropping them from the lists or by check and memo. While the club is fully in view of the road cash, it is accepting three months in case where payment cannot be met in order to facilitate the work of getting a clean membership after showing due dates in arrears.

Start the New Year Right is the slogan for the collection department of the organization which proposes to begin 1916 with the punch well in force that membership dues shall be paid promptly and that in order to work on a business basis which is the only one which will succeed, the members will carry out the promises of the by-laws regarding the suspension of membership after sixty days of delinquency. Those who have not been seen, who are still at large in their payment of dues, will be visited before the new membership campaign is started.

General Ochoa from Juarez dominates the Villa territory, the Villa convention government having practically ceased to exist. Francisco E. Madero, minister of finances, is believed to be in Los Angeles. Dr. Gato Caro, member of the cabinet, in Arizona, and Miguel Lino Lombardi, minister of foreign relations, are also.

In Chihuahua City Governor Alfonso Serratos, with his state treasurer, released Thomas, a member of the convention government, is organizing the convention government archives have been removed to Durango.

The committee, which will include

representatives of all the roads interested, will commence its work tomorrow in the office of the Trunk Line association, of which C. Purvis McCain is chairman.

Mr. McCain said that while extra-

take individual action in the shape of

embargoes or otherwise until the com-

As a preliminary step in relief Mr.

McCain went to Washington today to

discuss the situation with the com-
